STUDENT ESPORT TOURNAMENT

Student Esports Tournament

- 16 tech faculties from Croatia (split into 2 Leagues)
- One team per faculty
- 6 players per team
- Predefined annual schedule: April to July

CONCEPT

- Every two weeks a different game is played, total of **five games.** Six players form a team and enjoy the experience together. Each week, depending on their result a team is given a certain amount of **points** which added together after all five weeks give us the **overall winner** of the tournament.
- All content is streamed/recorded/posted on SET channels and social media.
- Project partners **benefit** in employer branding visibility amongst the most valuable of young talent - tech students!
